

Fully Virtual Form - SPRING 2021

The purpose of this form is to inform the Registrar's Office that you intend to study in an only virtual format during the Spring 2021 semester. This means that you will not attend any class meetings on campus for courses in your Spring 2021 schedule.

Please discuss the decision to study in an only virtual format with your advisor. The college cannot guarantee that every course that you may need to complete or wish to complete will be offered during the Spring 2021 term in a virtual format. Your advisor can help you make sure that your selections will continue your progress towards your degree.

You should forward a completed form to registrar@marist.edu by Friday, 12 February 2021.

You may be asked by Health Services to file a similar form with their office. Please comply with their request. This form is not a substitute for the information they require.

Please immediately notify the Registrar's Office if there are any changes to your decision.

By signing this form, I attest that I will not be attending class in-person for any reason this semester.
