

Emmanuelle, '20

Hometown: Plainsboro, NJ

Major: Psychology

Personal Interests: I love to play the ukulele and the piano!

Campus Involvement: I am involved in Campus Ministry, Autism Speaks, and Purple Thread Club. I am also shadowing the President for Best Buddies, working with special needs students.

How I Can Help As Your Peer Mentor: I will be there for you as a resource and a friendly face to help you get adjusted to campus. I now know many things that I wish I had known entering my first semester, so I will be able to answer any questions for you!

What I Was Nervous About: I was afraid that I was not going to be able to meet enough people to form a close group of friends. But through classes and clubs, I was able to meet a lot of amazing people.

What I Was Excited About: I was excited to study psychology, which has been my passion for years, and to get involved with community service. I was so happy to realize how many service opportunities there are here at Marist!

Advice for the Class of 2021: Make conversation with others as much as possible, you never know when you will find a great friend! And get involved with clubs, especially ones that challenge you to try something new - you might find a new passion or hobby!

Have a wonderful summer and I can't wait to meet
you in the Fall!
