

Template: Information to be included on Sona to recruit participants

Researchers wishing access to the participant pool should fill this in and include it with their IRB submission in order to clearly convey the information that prospective participants will see when they have the option of signing up for a study.

The following information will be presented on the Sona website used to recruit participants from the Marist College Psychology Department Participant Pool:

Total number of participants requested:

Study name:

Brief abstract (avoid coercive language like short! or fun!):

Detailed description (optional; avoid coercive language like short! or fun!):

Eligibility requirements (this can be left blank but may include exclusionary criteria):

***NOTE: DURATION AND CREDITS MUST REMAIN 30 MINS AND 1 CREDIT FOR ALL STUDIES USING THE POOL. Study procedures for any study using the pool must involve no more than one half-hour of time per participant.**

Leave "Preparation" blank.

Researcher (the person or people collecting the data; usually students):

Principal Investigator (must be a faculty member):
