

Lauren, '20

Hometown: Avon, CT

Major: Business Administration (Marketing)

Personal Interests: I enjoy hiking, hanging out with friends, and volunteering.

Campus Involvement: I'm involved Business Club, American Marketing Association, Fashion Club, NSLS, MPorium, Student Programming Council, Campus Ministry, and weekly community service.

How I Can Help As Your Peer Mentor: Being in a completely new place with new people can be intimidating! I know I went through it last year! I can help you meet more people, show you around the campus, and answer any questions you have!

What I Was Nervous About: I was most nervous about the professors assigning a lot of work and not being willing to help. But, all of the professors I've had are always around to help, and they ease you into college by not assigning a ton of work right away.

What I Was Excited About: I was excited to make new friends and get involved in different clubs and organizations on campus. Everyone is so friendly that making friends was easy, and there are so many great things to get involved with on campus.

Advice for the Class of 2021: Try anything that seems interesting to you because you'll be able to make more friends who have the same interest as you. You also might find something new that is interesting to you. Reach out to professors if you are having difficulty in a class, they are all willing to help with anything.

I can't wait to meet you in the fall! Have a great summer!
