

Mallory, '20

Hometown: Kensington, NH

Major: Psychology

Personal Interests: I personally enjoy working out, soccer, reading, jump roping, interior design, the beach, and crafts.

Campus Involvement: I'm involved in FoxPaw, the Food Recovery Network, Residence Hall Council, Campus Ministry, and the Honors Program. I'm also the VP of the Psychology Club.

How I Can Help As Your Peer Mentor: I understand that college can be tough, so I'm here to make you feel more comfortable by helping you navigate through all the opportunities available to you during your freshmen year. Sometimes you just need someone to talk to other than your dorm mates, I would like to be the person that you can reach out to if you ever need help or just someone to rant to.

What I Was Nervous About: I was nervous about everything. I was scared to leave my parents, nervous about making new friends, and stressed out about academics. It turns out that I shouldn't have been that nervous, college isn't as scary as it may seem because there are so many people there to help you figure it out!

What I Was Excited About: I was excited about meeting new people and getting involved on campus. I was also excited about the diverse range of academics, it's so different from high school. There are so many new opportunities and new adventures!

Advice for the Class of 2021: Don't be afraid to put yourself out there and get involved! Join a new club, take a new class, or run for a club position. College can be scary and hard to navigate, but know that there are a lot of people that you can reach out to for help.

Welcome to the Red Fox Family
and see you soon!
