MARIST

Registration

You must register to reserve your place in classes.
- Send official, hard copy transcripts and complete your deposit before you are allowed to register.
- Registration starts in April for Fall/August admission. Registration starts in November for Spring/January admission.
  You will receive an email when it is time to register for classes. Reply to that email to register.
- Once classes are filled, we will not allow other students to join Marist that semester.

- If classes fill, we will have a waiting list for students who want to register.
- Students on the waiting list are not guaranteed attendance. They may need to defer to the next Fall or Spring semester.

First Semester Classes
MSIS students will have three of the four following classes assigned during the first semester.
- Systems & Information Concepts in Organizations
- Data Management I
- Data Communications
- Systems Analysis and Design

MSCS students will have the three following classes assigned during the first semester.
- Object-Oriented Programming in Java
  - Students who pass the placement exam with a "B" or better will be given an alternate class in their Concentration
- Software Design & Development
- Database Management Systems

The first semester classes will be assigned by your Program Director. You will have flexibility with classes starting in your second semester**.**

On Campus Classes
Two or more classes must be on campus to meet with your F-1 VISA requirements.
One class per semester may be taken online if you are in the MS in Information Systems degree.
All classes are on campus for MSCS.

Books
Books may be purchased at the Marist Bookstore, or online at www.amazon.com, www.chegg.com, or at any other location you choose. Your required books can be found at https://marist.bncollege.com/course-material/course-finder using your course registration information.
