List of All Programs and Majors/Date the Program Started (Note any name changes with dates)	

EXECUTIVE SUMMARY:

Give an overview of each of your school's programs and majors in the spaces/format below. Copy and paste the table (Program/Major) so that one table is used per program.

Program/Major:
Does the program/major have an assessment plan? When was it created? Is it up to date? Does the assessment plan include relevant up to date learning outcomes? Comment and summarize.
What kinds of data does the program/major collect for assessment?
What changes to the curriculum, activities, pedagogy, etc. were made as a result of the assessments? Please list year/date of change in addition to the description.
Notes: List anything here that is relevant to this program's overview and summary that is not noted elsewhere.

Program/Major:

Does the program/major have an assessment plan? When was it created? Is it up to date? Does the assessment plan include relevant up to date learning outcomes? Comment and summarize.

What kinds of data does the program/major collect for assessment?

What changes to the curriculum, activities, pedagogy, etc. were made as a result of the assessments? Please list year/date of change in addition to the description.

Notes: List anything here that is relevant to this program's overview and summary that is not noted elsewhere.

Process of Assessment
List and summarize how the programs and school have evaluated their process of assessment itself (Anything related to *how* to do assessment). Examples: Student learning outcomes, definitions of success, people involved, how often and when each learning outcome is evaluated, etc. Make sure to explain the changes and include a date.
